ABOUT ME

I am a dedicated Software Engineering student at North Eastern University Gombe, focused on mastering full-stack development and exploring advanced fields like AI and Cloud Computing. I am passionate about building practical, real-world solutions, ranging from digital marketplaces to community-driven platforms. I combine technical coding skills with strategic thinking to create innovative tools for the creative industry.

EDUCATION

North Eastern University Gombe | Bachelor of Science in Software Engineering

Relevant Coursework: Data Structures, Web Development, Object-Oriented Programming, Database Management.

SKILLS

- Languages: JavaScript, Python, HTML5, CSS3, Tailwind CSS
- Tools & Frameworks: Git/GitHub, Photoshop, CapCut (Video Editing)
- Specialization: Web Application Development
- Languages: English (Fluent), German (B1 Proficiency)
- Soft Skills: Strategic Problem Solving (Chess), Leadership, Team Collaboration

EXPERIENCE + PROJECTS

- Independent Learning & Content Creation Video Editing & Documentation

Personal Portfolio Website: [Portfolio](#)

- Designed and developed personal portfolio to showcase software engineering projects, professional skills, and contact information.

Calculator Application: [Calculator App](#)

- Built a fully functional, intuitive calculator application handling standard arithmetic operations with precise logic and clean error handling.
- Optimized the user interface for seamless layout rendering across mobile and desktop displays.

Unit Converter: [unit_converter](#)

- Developed a utility application capable of processing real-time conversions across various metric and imperial measurement units.

People Counter Application: [People counter](#)

- Created a lightweight tracking application designed to monitor, increment, and log live entry data or attendee counts dynamically.

INTERESTS

- Strategic Hobbies: Competitive Chess player focused on pattern recognition and tactical planning.
- Sports: Active Football player with a focus on teamwork and physical fitness.
